SUBJECT: RENEWAL OF A CERTIFICATE OF CONFORMITY
Certificate No. 1986
Standard: BNQ 3660-950/2014-02-20 M1 (2020-01-28)
Product: Safety of Products and Materials in Contact with Drinking Water
Plant address: *same address*

Dear Sir,

Following our review of your file, we have renewed your certificate of conformity. Please verify that the information found on the certificate is accurate and notify us if any corrections are required.

Products that are compliant should be distinguishable from ordinary products. As such, the Bureau de normalisation du Québec (BNQ) has registered a mark of conformity that is exclusive to certified products. This mark of conformity shall therefore be used according to the requirements of the program.

Note that a list of certified businesses is available on our website [www.bnq.qc.ca].

If you need more information, do not hesitate to contact Madeleine Tétrault, program leader at the following email madeleine.tetrault@bnq.qc.ca.

We trust that you will find everything to your satisfaction.

Best regards,

Hicham Madyani, ing., MBA.
